EXPERIENCE

Serial Entrepreneur

Entrepreneur

January 2019 - Present

- Acquired and grew YouTube channel @CinemaClipsAi from 400,000 to 500,000 subs, doubled investment on exit
- Using Blur.IO, Dune, and other tools, I have done over 160 Ethereum in NFT trading volume by spotting profitable differences between the highest bid on a collection and the lowest listed asset on that collection

Think Tank

President and Chairman

Sigtuna, Sweden

September 2022 - May 2023

- Led research group based at SSHL that empowered students to identify future technological educational solutions
- Speaker at multiple events, including one at Stockholm World Trade Center, about innovative education platforms

PROJECTS

TikTok Shop

Co-Owner

November 2024 - Present

- Opened a TikTok print-on-demand shop with my roommate on November 25th and so far sold over 500 products resulting in a revenue of 11 thousand USD, and generated over two million views

Crypto Sentiment Bot

Developer

July 2024

- Used GPT to develop a crypto sentiment bot in Java Script that scans, filters, and sorts relevant tweets, from a curated list of 30 traders, posted in the past 24hrs into bearish or bullish categories and emails the result

JesusAI + Meow Moments AI

Youtube Channel Owner

June 2024 - July 2024

- Started 2 channels with @JesusAI reaching 10,000 subscribers and half a million views within 5 weeks

INVOLVEMENT

- The Kenya Project: Contributed and traveled to Mama Norah school in Wagwe Kenya, and helped teach and plan student activities. October 2023 - November 2023
